#### Student Council Report

In the absence of the student council representative, student council advisor Dede Holverson was present to give the report and thanked the Board for student support and for having a student representative serve on the Board. There is a positive balance in their account after selling cotton candy on Halloween and the turkey bowl assembly for students. There will be a "Family Feud" themed assembly in December and the annual classroom door decoration contest is happening as well as dress up dates. January 28 will be the winter formal.

Elementary students made up school "families" and participated in an Amazing Race activity. Students in 4<sup>th</sup> and 5<sup>th</sup> grade participated in small groups for gratitude and service learning activities. The high school and Ms. Radel were recognized for financial literacy and received a blue star school award and a gold star teacher award.

#### Review of 2021-22 District and School Report Cards

Glasbrenner gave an overview of handouts showing our 2021-22 school report cards on state testing results. Our district is in the "meets expectations" category and was very close to the "exceeds expectations" threshold. Most schools in the state are in the "meets expectations" category. Only 22 districts are either above or below this category. We did fairly well compared to our neighbors. Glasbrenner noted this is one test on one day and should be used as a systems overview. Results show that our economically disadvantaged students struggle to be proficient or advanced and we need to focus on that group. We are involved in a comprehensive curriculum review and looking at standards while learning to meet student needs with small group instruction.

#### Update on Facilities Study Group

Krey noted the group's first planning meeting was on November 28 to set goals and timelines. The district will be putting together an advisory task force made up of community members. Key dates are March 14 and 15 when architects will be on site for public input. If community members are interested in this process, they should email Brian Krey.

### Update on School District Operations from Administration

Peterson noted that the Blackhawk Bolt was held on October 7. The fundraising goal challenge was met, so Peterson dyed her hair purple. The money is used for student school supplies and newsletters and field trips are fully paid. Some money was used to update the look of the front of the building. There was a safety drill last week at each school building. The middle school visited Cardinal Glass and UW Richland. Honor roll certificates were given to students that earned them. The high school music concert was held, winter sports are ongoing, and the musical will be in December.

### Board Reminders, Announcements, and Training Opportunities

The Board was reminded of the special meeting to be held on Monday, December 12, to discuss filing a request with the DPI for an early start to the 2023-24 school year. Nelson noted she will not be running for re-election in April. She will be ending 30 years of service on the Board and noted she enjoyed her time over the years. She encouraged Board members to attend the WASB Convention in Milwaukee each year. Nelson was thanked for her years of service.

#### Consideration & Action on Budget/ERC Committee Recommendations

The Committee discussed the idea of starting the 2023-24 school year prior to September 1. Wisconsin Statute states that a district must file a waiver request with the Wisconsin Department of Public Instruction (DPI) by January 1 of the year in which an early start is being requested. A survey was sent to staff and parents and, so far, a majority want to start prior to September 1 and want to start the week of August 21. School would end before Memorial Day weekend. It was noted that many students are already involved in school-related activities by mid-August. The Board will hold a special meeting on December 12 to consider sending a waiver request to DPI.

As recommended by the Committee, Bettinger moved to accept the proposal from Lamers for a 5 year transportation contract, pending negotiation of contract details. Minich seconded. Lamers bid had a 0% increase and GoRiteway's bid was significantly higher per route. Motion carried.
