The middle school student schedules for 2021-22 in are progress and plans are being finalized for the Middle School Open House in August for parents and students. The middle school window replacement project started this week.

#### Board Reminders, Announcements, and Training Opportunities

Jennings recognized the heartbreak and tragedy with the drowning of Parker Kruse, a 2018 graduate. Jennings extended thoughts and prayers on behalf of the Board to family and friends of Parker.

#### Legislative Update

Krey reported on the state budget that was passed today. Our revenue limit is not increasing, resulting in no additional dollars per pupil from last year. The revenue limit is made up of state aid and property taxes. The budget puts additional education money in state aid, while not giving us any more money, and lessens the burden on taxpayers and lowers the mill rate. Additional money is coming in the state aid formula, not in additional revenue. Krey will have estimates by the August Board meeting.

The Committee discussed ESSER Funds with no action updates. The athletic complex (draining issues, track resurfacing, football field, soccer field) was discussed at length and the Committee recommended moving forward with fundraising with the district committing to \$750,000 of matching funds to the stadium project. Bettinger recommended reaching out to the River Valley Athletic Boosters for support.

Krey notes the cost to just replace the current facilities would be approximately \$900,000. Increasing to \$1.5 million would provide a surface that is dependable and better utilized by several organizations. A fundraising brochure with frequently asked questions is in rough draft. District contribution portion is part of the operating budget and not taken from other areas. The goal is to work with CESA 10 on the bid process by December 2021 or January 2022 with late spring construction. Maier will be the contact with businesses and organizations and report any offers of financial assistance.

Jennings moved to approve fundraising to begin for the athletic complex with matching funds from the district of \$750,000. Young seconded. Motion carried.

Iausly reported on the Committee's discussion of district support of broadband grants available to communities. Reedsburg Utility will be providing Internet fiber access to the majority of the River Valley District in the next 5-6 years. This will include areas in Sauk County, Buena Vista, and Town of Wyoming. Portions of Arena, Clyde, and Avoca will not be covered. RV Commons group is assisting communities with the grant process. Grant funding score improves with in-kind funding from private donations, businesses, and the school district. The pledge would be a modest amount of a few thousand dollars. Discussion was held on possible district or Endowment contributions in the process and the number of students affected. Additional information will be presented at the August meeting. No action taken.

Betting reported no action to be taken regarding late buses due to low interest.

Bettinger reported no changes to the 2021-2022 Food Service Prices for Milk, Breakfast, and Lunch programs.

The Committee recommends changes to the 2021-22 Employee Handbook regarding teaching load language, to allow for six assignments over two days to address block scheduling. Wording was also changed for hourly coverage for teachers to address block scheduling. Young moved to approve the Employee Handbook changes as presented. Cates seconded. Motion carried.

The Committee recommends the payment of \$818 for each of two prom advisors. Due to the COVID cancellation of the 2020 Junior Prom, there will be two proms in 2021-22—one for juniors and one for seniors. Cates moved to approve the payment of two prom advisors for the 2021-22 school year. Minich seconded. Motion carried.

The committee recommends 2021-22 School Calendar revisions for parent/teacher conferences. Currently the school calendar includes two full days (16 hours) for parent/teacher conferences. With more frequent communication with parents through Seesaw and Skyward, administration would like to use 8 of the 16 hours for after school teacher professional development. Maier moved to approve the 2021-22 School Calendar revisions with regard to parent/teacher conferences and professional learning. Iausly seconded. Motion carried.

Consideration & Action on Resolutions Accepting Gifts, if any
