

Community Survey
(posted 8/25/09)

Community members are strongly encouraged to complete our school district survey either on-line (www.rvschools.org) or by hard copy available at all six school building offices. (Deadline extended to Friday, September 11.)

The short survey is intended to provide an opportunity for community input in our thinking and planning for the future; identify issues and trends that shape our school community; examine skills and knowledge necessary for all RiverValley graduates; and lay the groundwork for our continuous improvement efforts.

Your input is valued as we look to the future.

For more information, feel free to contact Superintendent Jamie Benson at 588-2551.
