SKYWARD – FAMILY ACCESS

If you regularly log in to your Family Access account, you are already aware of how much information can be found. If you do not log in, or have never logged in, we encourage you to do so ~ there is so much to see.

- **You can** see any/all posts that have been sent out via e-mail. It is easy for e-mails to get lost in your Inbox and possibly overlooked -- for quick reference to find messages specifically sent out by the school, you can view them all here in one spot.
- **You can** view your child's attendance. (Reminder that students are allowed 5 illness days per semester and a collective total of 10 personal days for the year).
- **You can** view what we have on file for your family information. (Please contact us immediately if any information is not correct).
- **You can** view your child's immunization record.
- **Notifications:** under the "Skylert" tab, you can manage your message settings, including how you receive your low food service account messages - This is also where you can add additional persons to receive messages regarding early releases, school cancellations, etc.
- **BIG ONE** --- You can view all food service payments and purchases. Check here to see if your child has turned payment in or to see any/all purchases made if balance appears to be dropping quicker than you think it should be.
- **5th GRADE PARENTS** – "Gradebook" – This is an important one for you to be checking often now and as your child progresses through the Middle and High School. Grades 5th through 12th use a program within Skyward that posts all assignments and grades in Family Access.

PLEASE CONTACT SARAH IN THE OFFICE IF YOU NEED LOGIN INFORMATION!

Reminder that students in grades 1-4 will be having their Protective Behaviors unit during LifeSkills class during the month of March. If you have any questions regarding, please contact Ms. Hauden.
