

# Mrs. Eastlick's Class News

October 24, 2011

>Welcome to Eddy Eveland  
who has joined our  
classroom. He will join our  
first grade portion of the  
room. We now have 17  
students; 9 first graders and  
8 second graders.

*Thank You...*

*Thank you to Jorja and her family for the birthday cupcakes, fruit snacks and pretzels; to Paige and her family for the decorative birthday cookies and Skittles; and Nathan Joles and his family for the birthday rootbeer floats. Also a thank you to the parents that helped chaperone the Peck's Field Trip.*

Two things to mention:

1. Remind your child that they need to bring their AR book EVERYDAY!
2. We are low on snacks for the classroom. At your earliest convenience, please send in more snacks.

## NO TOYS

I am asking that **NO TOYS** from home be brought to school. I have already informed the classroom of this decision. With the increase of refocuses going home and arguments after recess that have to be resolved because of toys from home, I find it in the best interest of my classroom to leave toys at home. If a toy is brought from home, it will be put on my desk for the day. As a class, we have talked about all the options available to us outside that the school provides. Helping with this will provide less stress for your child and the staff. Thank you.
