

Press Release

RVSD Resource Planning Discussions with Public to Begin:

Thursday, January 14 will be the first meeting for the RVSD community to begin dialogue on the process to be developed to address long-term resource management within the school district. We are currently seeking community input into the process to be used in our thinking and planning for the future.

There will be an opportunity for community input and ideas to be shared (both fiscal and non-fiscal), in addition to a brief administrative summary of the district's long-term financial picture.

Time: 5:30 to 7:00pm / Middle School Library.

All parents, students, staff, and community members are welcome and encouraged to attend this meeting. The administration and school board knows we have a school community which has valuable insight and ideas for how to best manage our resources.

We look forward to hearing from you on the 14th.

If you are unable to attend, but have input to offer, please contact Jamie Benson, Superintendent at jbenson@rvschools.org or Carl Hayek Business Manager @ chayek@rvschools.org or call 588-2551.
