

Student Health Guidelines for the River Valley School District

Your child should stay home for the following situations:

- **Fever:** greater than 100.0 degrees Fahrenheit; may return to school after 24 hours of being fever free without the aid of fever reducing medication.
- **Vomiting:** may return to school 24 hours after last vomiting episode.
- **Diarrhea:** may return to school 24 hours after last diarrhea stool.
- **Chickenpox:** may return when all pox are dry and scabbed over; about 5-7 days after the start of the rash.
- **Contagious diseases:** flu, strep throat, impetigo, pink eye (bacterial), scabies and ringworm may return after 24 hours on prescribed treatment.
