#### Student Council Report

The student council made \$300 selling cotton candy. The elementary agriculture learning theme was apples and some classes visited an orchard. Another field trip included a visit to the fire station and a ride on a fire truck. There will be a middle school and high school choir concert on October 25. The high school musical is "Mamma Mia" and will be performed on December 15, 16, 17 and 18. Four high school students participated in the WSMA state honors choir.

#### Review of Homecoming and School Fair Activities

Glasbrenner shared praise for an incredible school fair and homecoming and noted it was the first one held as normal since he started at River Valley. Blakley noted it is a wonderful time for school pride and support of each other in student events. Graffunder was thanked for her leadership with the school fair. It was noted that only 4 districts in the state hold a school fair and our FFA program is looked up to by other districts. Graffunder thanked Ron Fruit during his final year at WRCO and for 33 years of covering our school fair. Channel 3000 also promoted the fair. This year's auction earned the most money ever and had the most exhibitors. Thanks was given to businesses and individuals who supported the auction and scholarship program, especially Prem Meats, Equity, Gavin Brothers and Hill Auctioneers. Thanks to staff members for helping with the fair and working at the 9 interactive agriculture exhibits. October 6, 2023, will be the 60<sup>th</sup> school fair!

#### WASB Business Honor Roll Awards Presented to Area Businesses

The district nominates area businesses to WASB on an annual basis to recognize them for their support of the school district. This year's recipients were selected based on their generous support of the Stadium Investment Project: Kraemer Brothers; Gauger & Son Salvage, Inc.; Straka Meats; Prem Meats; RV Athletic Booster Club; and RV Soccer Association. Thanks to the School Board members who attended soccer and football events to honor these businesses.

### Enrollment Information:

Enrollment information is as follows: Third Friday September Pupil Count = 1,185; and Third Friday September Open Enrollment In/Out = 64 IN and 147 OUT. We have contacted 21 families that registered as home school last year but haven't registered by the deadline this year and are not attending our schools. Glasbrenner also reached out to open enrollment OUT families and, consistent with prior years, most note family convenience as the reason for attending a different district.

### Update on School District Operations from Administration

Glasbrenner noted that the school fair serves as a type of learning field trip for ELC and elementary students.

Radtke noted that all middle school students took the I-Ready assessment. Teacher Professional Learning Community groups have been meeting regularly. He noted that many middle school students attended the school fair even though it was not a school day. Field trips included 8<sup>th</sup> grade to American Players Theater and 6<sup>th</sup> grade to Upham Woods Learning Center in WI Dells.

Blakley noted the high school has been busy with homecoming, field trips, and preparation for the high school musical. Students have been involved in assessments and teachers involved in Professional Learning Community groups. It is great to have more of a normal year for students and staff.

It was noted that this month is National Principals Month and last week was Wisconsin School Board Week. Administrators and Board members were recognized for their leadership and support of students and staff.
