## Public Notification of Board Meetings

The Board recognizes the public is entitled to full and complete information regarding the affairs of the Board as is compatible with the conduct and transaction of Board business.

Notice of all board meetings shall be provided to the public by posting on the district website and in the central office, to the official newspaper, and to any other news media upon written request.

In accordance with state law, public notice shall be given at least 24 hours in advance of the meeting. When, for good cause, 24 hours notice is impossible or impractical, shorter notice may be given, but not less than 2 hours notice may be given in advance of the meeting.

The Board shall not discuss or act upon any item of business not included in the public notice, or amended public notice in the event of necessity, of a meeting.
