District and School Report Card Overview
2020-2021 School Year

Our report card at a glance ...

[Meets Expectations](#)

Our current River Valley School District report card is primarily based on last year's data during the 2020-21 school year. *Due to the COVID-19 pandemic, DPI encourages caution when interpreting scores and rating on the 2020-21 report cards.* There are areas on the report that utilize up to three years of past data (2020-21, 2018-19, and 2017-18). All four areas have weighted data that is unique to that particular school/district.

At the foundation of the report card are four priority areas:

1. **Achievement:** Proficiency in English Language Arts (ELA) and mathematics
2. **Growth:** Year-to-year progress of ELA and math achievement
3. **Target Group Outcomes:** Outcomes for students with the lowest scores
4. **On-Track to Graduation:** Predictors based on milestones in K-12 education
