The Board supports the following reading goals for the River Valley School District:

1. A well-coordinated developmental reading program shall be made available for students at all grade levels, under the direction of a certified reading specialist.

4. A climate for reading will be established within the school that will encourage and develop a lifelong desire and willingness to read.
5. Efforts will be made to gain parental and community involvement in a district-wide concern for quality and quantity reading.
6. The reading program shall be evaluated regularly by the Board and administration in accordance with Wisconsin State Statute 118.015.
