## Instructional Arrangements

The Board encourages the district administrator and instructional staff to make such arrangements for use of facilities, materials, personnel, time and other resources as will, in the district administrator's and staff's professional judgment, provide the most favorable learning environment for students.

The Board will welcome recommendations as to ways by which it may assist in improving instructional arrangements, examples of which may include the following.

1. Providing for adequate classroom and other instructional space;
2. Providing funds and facilities for necessary and desired learning activities; and
3. Showing adaptability in permitting innovations reflecting current trends, research and experimentation.
