

(4/17/24 District Administrator's Corner Article)

Dear Members of Our River Valley School District Community,

I want to take a moment to express my sincere gratitude to each and every one of you who participated in the recent capital referendum process pertaining to the infrastructure of our school buildings. I believe in civic interaction and listening to community members. Your engagement and commitment to the future of our school district are truly commendable.

I am deeply grateful for the time, effort, support and consideration you all put into this important decision. Your dedication to shaping the direction of our school community reflects the spirit of democracy and the value you place on education. Your voices matter, and they will continue to guide us as we navigate the challenges and opportunities that lie ahead.

Our commitment to providing the best possible educational atmosphere for our students remains unwavering. We will continue to work to find alternative solutions and avenues for improvement, always with the best interests of our students at heart. And—as I shared in Board meetings, community meetings, town and village informational sessions, and online—the River Valley School District will continue to need your support. Educating the public on district needs will continue. A public survey will be forthcoming to gather additional information and ask for advice on the next steps for the River Valley Facilities Advisory Task Force.

Once again, thank you for your participation, your passion, and your unwavering dedication to our school district. Together, we will persevere and continue to strive for excellence in education.

With heartfelt gratitude,

Mr. Loren G. Glasbrenner
District Administrator
