## **Student Use of Personal Communication Devices**

The Board of Education recognizes the value of students maintaining communication with their parents/guardians and other appropriate persons for health, safety, and educational purposes. Therefore, use of communication devices may be permitted. Such possession or use of a communication device may not, in any way:

- Disrupt the educational process in the school district;
- Endanger the health or safety of the student or anyone else;
- Invade the rights of others at school; or
- Involve illegal or prohibited conduct of any kind.

If a question arises as to the compliance of a student with this policy, the determination of the administration shall be final. Students who repeatedly violate this policy shall be subject to appropriate disciplinary measures, which may include suspension and/or consideration for expulsion, as determined to be appropriate by the administration and/or Board. The device shall be immediately surrendered to administration and will be returned to the student's parent or legal guardian, unless the device is confiscated by law enforcement officials.
