Emergency Nursing Services

A plan of action for Emergency Nursing Services, including first aid services, will be provided by the River Valley School District. The Emergency Nursing Service program shall be under the direction of the River Valley School District nurse in collaboration with the River Valley School District Medical Advisor.

The River Valley School District shall employ School Nurse(s) currently licensed in the State of Wisconsin.

A qualified physician shall serve as Medical Advisor for a 1 year term. Renewal by the Board shall be on an annual basis.

Emergency services shall be available during the school day and **facilitated** during all school-sponsored activities in accordance with state law.

A designated health area will be available in each school, which is equipped with the supplies necessary to provide emergency care in accordance with standards set by the Department of Public Instruction.

Procedures for dealing with accidental injury, illness, and medication shall be established and published annually in the staff handbook(s). These procedures shall be reviewed annually with the professional staff, including all athletic coaches.

A Nursing Services Manual containing all Policies and Procedures shall be located in each school's designated health area.

A record system shall be maintained in the district, including accident reports and a log of services performed. Confidentiality standards shall be maintained in accordance with state and federal laws and regulations.

The Medical Advisor, in conjunction with a School Nurse, other school district personnel, and representatives from community health agencies, as designated by the Board, shall assist in the annual review of policies and procedures and first aid standing orders/protocols pertaining to the Emergency Nursing Services Program.
