## Consent Form - Web/RVTV Permission to Display Classroom/Academic Activities

I hereby grant permission to the River Valley School District (District) to use or publicly display my child's photograph, video image (including streaming video), or audio clip on the District's Web site(s), individual school Web pages, on RVTV or in other official District publications without further notice. I acknowledge the District's right to crop, edit, or treat the photograph, video, or audio clip at its discretion.

I also understand that once my student's photograph, video image, or audio clip is published on a Web site, it can be downloaded by any computer user, at or away from school. I understand a student's name may be published along with the student's picture.

I also understand that if I elect not to grant permission to use or publicly display my student's photograph, video image (including streaming video), or audio clip on the District's Web site(s), individual school Web pages, on RVTV or in other official District publications, my student, in the case of classroom or academic activities in which photographs, videos (including streaming video) or audio recordings are being taken or made, may be required to participate in an alternate activity.

~~In the case of extra-curricular activities, no permission is required under Board Policy and Rule #443.8 unless the display of my child's photograph, video image (including streaming video), or audio clip on the District's Web site(s) is used for a commercial purpose. This permission includes consent for the public display, broadcast or rebroadcast of my child's photograph, video image (including streaming video), or audio clip on the District's Web site(s) under circumstances in which advertising may be sold or when such photographs, video images (including streaming video), or audio clips on the District's Web site(s) may be sold by the District or its assigns (e.g., through yearbook sales, sales of video or audio recordings of musical productions or sales of video of sporting events).~~

~~Videotaping and/or photographing may be used in and by the District as a facet of instruction for enhancing learning, to assist in providing a safe and secure learning environment, and to monitor/record student achievement/behavior. Such videotaping/photography may be announced or unannounced on a random basis.~~

NOTE: This form must be signed by student if the student is 18 years of age or older.
