Free and Reduced Price Food Services

The River Valley School District shall take part as feasible in the National School Lunch Program to assure that all students in the district receive proper nourishment.

Determination shall be based on federal and state regulations. Students from families with income below that established by the state and/or eligible to receive any form of public assistance or certified to participate in the government-donated commodities or food stamp programs may be eligible.

In making determinations to provide the free or reduced price meals, every effort shall be made to avoid overt identification to the peers of students receiving such meals. No student shall be required to work for a free or reduced price meal.

Application forms shall be available to parents or guardians of students who may request free or reduced price meals, and a file of applications and/or authorizations shall be maintained.

The Business Manager shall maintain a system of collecting payments from paying students and accounting for free and reduced price meals in a manner which will protect the anonymity of students receiving free or reduced price meals.

Appeal. Any appeal from the decision of the approving officer(s) shall be referred to the district administrator, or designee.
