SCHOOL-COMMUNITY RELATIONS GOALS

The River Valley Board of Education believes that the public schools belong in every sense to the people, reflect the community they serve, and can never be any stronger than the public is willing and able to make them.

All business transactions of the Board and decisions of the administration shall be considered public in nature, except as otherwise specifically governed by state law.

The Board feels that an informed public will be a supportive public, therefore, the Board will make every attempt to provide a flow of school information to the public through the various public and school media.
