Advertising, Sponsorships, and Commercial Activities

The Board of Education recognizes that funds raised from paid advertising may benefit the district, its schools, students, programs, and the community by raising an alternate stream of revenue for the district. (This includes but is not limited to RVTv.)

Advertisement is defined as an economic benefit with the specific purpose of promotion that requires visual, audio, or video placement of a name, slogan, logo or product message on a school district property, publication or broadcast. The term advertising does not include student fundraising or outright gifts.

No advertising may use the name, logo, mascot, or any other name which would associate an activity with the District without the specific written permission of the District Administrator. It is further the policy of the Board that its name, students, staff members and District facilities shall not be used for any commercial advertising or otherwise promoting the interests of any commercial, political, nonprofit or other non-school agency or organization, public or private, without the specific written permission of the District Administrator.

The Board may permit paid commercial advertising in school district facilities or on school district property in the following categories or forums in accordance with the parameters set forth herein:

A. Product Sales

1. Product sales benefiting a district, school or student activity (e.g., the sale of beverages or food within schools);

6. Free samples (e.g., of food or personal hygiene products).

C. Indirect Advertising

1. Corporate-sponsored instructional or educational materials, teacher training, contests, incentives, grants or gifts;
2. The Board approves the use of instructional materials developed by commercial organizations such as films and videos only if the education value of the materials outweighs their commercial nature; the films or material shall be carefully evaluated by the school principal for classroom use to determine whether the films or materials contain undesirable propaganda and to determine whether the materials are in compliance with the guidelines as set forth above.

Any commercial advertising shall be structured in accordance with the General Advertising Guidelines set forth below.
