

To Loren Glasbrenner and the School Board,

I am writing to request a sabbatical for next school year (2022-2023). This is my 8th year teaching in the district and I have loved the challenges and opportunities that I have been able to participate in thus far at RVHS. At this time, I feel that my daily work experience and productivity would be enhanced by taking a one-year sabbatical. I plan to use this time to improve my science teaching by taking some additional courses, as well as to have more time available to focus on my family.

I appreciate your consideration, and would be happy to address any concerns you might have about my sabbatical request.

Sincerely,

Erik Johnson
