1	We continue to have ongoing operating referendums which continue to raise taxes. This needs to be addressed/figured out before adding additional cost to tax payers. From my	6/4/2024 7:46 AM

understanding, there is money available to make some of the "necessary" upgrades (ADA) without needing to have had this referendum.

2	I understand the cost of remodeling changes but I would have liked to see a more detailed remodeling plan with estimated costs. I would have also liked to see the plans for additional things that would have been addressed if funding allowed.	5/23/2024 8:43 AM
3	There is government funding for security measures as well as ADA compliance. Grade 3 &4 should NOT be with 5&6; grades 7&8 should NOT be at high school level; way different mindset and maturity level as well as too much age gap. There should NOT be "family bathroom" in a high school that locks. That is asking for trouble.	5/22/2024 10:17 PM

1	If you can't pay for what you currently have without going to an operating referendum, why would you add more expense/upkeep.	6/4/2024 7:46 AM
2	Current democratic power in White House has caused havoc on economy and other areas of our country, EVERYThing costs more. Our music does an award winning performances bc of their instruction and talent, not the building defines them..	6/3/2024 11:15 AM

8	It was just too much all at once combined with the first question. There are spaces they can use until we make the necessary changes to make the buildings safe.

4	From Jane Elmer, Plain. I truly wish these had passed. While I can understand some voters might not want a performing arts center, I do. I think the majority of people don't understand why we need to support operating cost questions. They don't understand the dire straights they put our leaders in. I support our schools. You are doing a good job. Furthermore, I think you did a good job developing the referendum questions.	6/7/2024 12:05 PM
5	There are many students that are not part of tech ed and it seems classes for these students continue to diminish unless they want to take on-line classes. I have had a student take these on-line classes and they have proven to be terrible. The teachers do not respond, no one at RV can help them, they are not what is advertised.	6/4/2024 7:50 AM

9	*IF* you made one building, one not 3. If you made one building it should be preK-12 and seal off preK and K with a hallway with a locked entrance door; build a different wing for 1-3 with a locked entrance door; 4-5 same thing, different wing for 6-8 with locked entrance door and then have a completely different wing for 9-12 with normal entrance with safety doors.
