20	If safety and security are truly a concern, and children and staff have been unsafe, you should have already upgraded the existing entrances in the 4 existing buildings to meet desired safety and security measures. The items requested for ADA compliance and safety & security should never have been lumped in with other desires the way they were in the April referendum. The school board and administration only put our students more at risk by mixing in desires that tax payers will not support. You must be more transparent and thoughtful to this community and the safety of our children. Let us vote on safety and security measures aside from the fluff.	5/26/2024 3:01 PM

I believe that the focus should be on that before you start asking for money on all these other things you want. Price of inflation is tough enough for most families and with asking for that kind of money up front you will be pushing families to leave the district. You have to remember, we are not Dane county. We are a bunch of small communities.	5/23/2024 12:28 PM

Grade 3 &4 should NOT be with 5&6; grades 7&8 should NOT be at high school level; way different mindset and maturity level as well as too much age gap. 60	I'd like to see a K-8 building so that in the next 20 years we aren't needing to consolidate again. Our kids deserve amazing facilities, not a partially remodeled building from the 60s. Should we shut Spring Green's down too and create a K-8 facility to solve this problem for the long term instead of the short term?	5/22/2024 10:28 AM
61	Enrollment has declined 15% per decade the last two decades. More space is not required to host the smallest class sizes in the last 25 years. There are ADA compliant locker rooms in the addition that was completed in 1999/2000 that are for "athlete only" use and it is appalling that completely able-bodied athletes couldn't make due with the downstairs locker room (or share locker rooms with everyone).	5/22/2024 10:24 AM

54	The community very clearly did not support funding the creation of a performing arts center using tax dollars in the pre referendum survey. Additionally, the inclusion of this question was not recommended by the company the school district hired to develop the survey. Not surprisingly, the question was overwhelmingly rejected by voters. It is reasonable to surmise that many voters who came out specifically to vote no on the performing arts center question also voted no on the first question. The first question was for improvements the district actually needed going into the future. The inclusion of a performing arts center question should not even have been considered after initial community feedback.	5/22/2024 10:44 AM

10	Plain should have been closed a long time ago as the district did to Arena and Lone Rock. At the closing of these schools the district assured us this would keep our district out of a deficit but since they have asked for referendum over and over. Also, so many things were said about the shape of the grade schools closed that were not true which makes the district/school board look really bad to the tax payers.	6/5/2024 12:27 PM
11	Safety of the children need to be the utmost priority	6/5/2024 9:08 AM
12	Residents are tired of being taxed to death. Very unrealistic to think people want to pay extra taxes for 20 years. Alot if residents in our district struggle financially as it is so why burden them even more.	6/4/2024 2:14 PM
13	There are many students that are not part of tech ed and it seems classes for these students continue to diminish unless they want to take on-line classes. I have had a student take these on-line classes and they have proven to be terrible. The teachers do not respond, no one at RV can help them, they are not what is advertised.	6/4/2024 7:50 AM
14	I forget what was on the ADA compliance, this email and survey should've had a recap of this.	6/3/2024 11:16 AM
15	the need for a performing arts center	5/28/2024 10:17 AM
16	Realizing the performing art center is a pipe dream, everything else is necessary	5/28/2024 9:16 AM
17	All about the safety but I thought we did this already! Have committee to help with safety with cost in mind, not just hand over to a company that wants to make money	5/27/2024 3:40 PM
18	I'm not a fan of 7-8 at HS. I hope there is a solid plan to separate them from 9-12.	5/27/2024 8:13 AM
19	Get realistic about addressing school security.not just for show items something that actually is a program to help and secure the safety of students and teachers	5/27/2024 7:55 AM
20	I selected NO on how did I vote, but really I didn't vote at all.	5/26/2024 5:02 PM
21	Only to make existing buildings ADA compliant.	5/26/2024 5:01 PM
22	I would support necessary ADA compliance measures and safety and security measures to the buildings as they currently exist. It is ridiculous to close one building and have to add on to another building to fit those children.	5/26/2024 3:09 PM
23	More cooking, economics classes.	5/26/2024 1:10 PM
24	Why does school always need MORE money when student class sizes keep going down,	5/26/2024 12:11 PM

seems like it's trying to keep up with other school districts, even if it means strapping the communities.

25	Spend within your budget.Dont need anymore taxes.We as citizens are taxed to death as it is	5/26/2024 11:57 AM

30	Single campus and ADA can be funded with sale of Plain building.	5/24/2024 6:29 AM
31	All arts spaces but high school music in particular. I also feel strongly that a performing arts venue would be an important asset.	5/23/2024 1:48 PM
32	Agriculture facilities at the high also need to be updated.	5/23/2024 8:44 AM
33	Safety and moving to one campus is most important to me	5/23/2024 6:54 AM
34	Fund raising to improve tech Ed. There are many grants available and businesses who are donating across the state and country. Find an outside business to build a performance center and run it allowing the school to use it as a write off. We are a community struggling to keep our homes and cutting costs to do so. We value children and education but make it necessary not extravagant in this day.	5/23/2024 6:47 AM
35	A theater!	5/23/2024 1:06 AM
36	Improve education standards with staff	5/23/2024 12:42 AM
37	*IF* you made one building, one not 3. If you made one building it should be preK-12 and seal off preK and K with a hallway with a locked entrance door; build a different wing for 1-3 with a locked entrance door; 4-5 same thing, different wing for 6-8 with locked entrance door and then have a completely different wing for 9-12 with normal entrance with safety doors. Also, give each wing their own lunch period	5/22/2024 10:21 PM
38	The high school parking lot needs updated or redone (where does the parking fee money go since it clearly doesn't go to maintain the parking lot)	5/22/2024 9:38 PM

52	Fundraising can be done for all the nice to have just like the football field.	5/22/2024 2:02 PM
53	I firmly believe that the best, next step is to build NEW--not to refurbish crumbling, aging structures. If we truly want our students to have a "21st century" schooling experience, then the buildings they learn in should also be in this century.	5/22/2024 12:58 PM
54	How are "i.e. close Plain" and "i.e. transition students to the high school" different thoughts? This is presented confusingly and answers to this question will likely yield results that are less than clear.	5/22/2024 10:49 AM
55	Renovations should be built into the budget like every other business is required to do. With the Free and Reduced lunch program at an all-time high in our school district, it is appalling that anyone would conceive raising taxes. If a family owns a house, they may barely be making it by. If a family rents a house, the landlord will raise rent to cover the increase meaning they may not be able to even stay in the district. If an elderly person is on a fixed income, raising taxes may mean they can't continue to afford living in the area.	5/22/2024 10:30 AM
56	Music areas at all schools need to be updated. We need a performing arts center.	5/22/2024 10:28 AM
