Dear Parents,

School safety is a priority at River Valley. We write to inform you of an upcoming state required safety drill with students and staff that will occur during the week of Nov. 2nd (next week). River Valley schools will be conducting a “Lock Down” drill in each of its school buildings. Students will be informed prior to the drill, but we encourage you to also speak with your child about this safety drill.

A “Lock Down” drill consists of an announcement being made, classroom doors being locked, and moving students away from doors and windows. Teachers will lead a discussion with students after the safety drill regarding the drill, potential evacuation plans, and parent reunification in the case of an event. These drills and discussions will be performed somewhat differently in each school, depending on age/grade level appropriateness.

If you have questions or concerns about this safety drill, please contact Mrs. Peterson, Mr. Radtke, or Mr. Blakley at their respective schools.

Respectfully,

Carla Peterson, Elementary School Principal
James Radtke, Middle School Principal
Darby Blakley, High School Principal
