5	Spending seems to be out of control. Instead of a fancy stadium perhaps that money should have been used for upgrades.	6/4/2024 2:09 PM
6	We continue to have ongoing operating referendums which continue to raise taxes. This needs to be addressed/figured out before adding additional cost to tax payers. From my understanding, there is money available to make some of the "necessary" upgrades (ADA) without needing to have had this referendum.	6/4/2024 7:46 AM

14	If safety and security are truly a concern, and children and staff have been unsafe, you should have already upgraded the existing entrances in the 4 existing buildings to meet desired safety and security measures. The items requested for ADA compliance and safety & security should never have been lumped in with other desires the way they were in the April referendum. The school board and administration only put our students more at risk by mixing in desires that tax payers will not support. You must be more transparent and thoughtful to this community and the safety of our children. Let us vote on safety and security measures aside from the fluff.	5/26/2024 3:01 PM

18	If the question was strictly for school security and nothing else I would have voted yes. School security is and always will be priority 1. I believe that the focus should be on that before you start asking for money on all these other things you want. Price of inflation is tough enough for most families and with asking for that kind of money up front you will be pushing families to leave the district. You have to remember, we are not Dane county. We are a bunch of small communities.	5/23/2024 12:28 PM

38	Don't put money into your MS. You have an elementary that is ready to be built on to. Your HS is able to take on your 7th and 8th grade students. Make the HS a 7-12, make your Elementary a K-6, stop putting money into the oldest building on your campus. Think Long Term with your declining enrollment.	5/22/2024 11:02 AM
39	I'd like to see a K-8 building so that in the next 20 years we aren't needing to consolidate again. Our kids deserve amazing facilities, not a partially remodeled building from the 60s. Community members from Plain, Arena, and Lone Rock had their Elementary schools shut down. Should we shut Spring Green's down too and create a K-8 facility to solve this problem for the long term instead of the short term?	5/22/2024 10:28 AM
40	Enrollment has declined 15% per decade the last two decades. More space is not required to host the smallest class sizes in the last 25 years. There are ADA compliant locker rooms in the addition that was completed in 1999/2000 that are for "athlete only" use and it is appalling that completely able-bodied athletes couldn't make due with the downstairs locker room (or share locker rooms with everyone).	5/22/2024 10:24 AM

8	The turf field had to raise 50/50 funds, but the performing arts center was not asked to raise any. There are other community facilities we can use and support in the community. I don't think our use of the facility would anywhere near match the cost and continued upkeep cost.	6/1/2024 8:19 AM
9	The performing space would be nice but not a need and only increase the ops budget need.	6/1/2024 7:27 AM

12	A performing arts center is a wonderful thing. But, it is unnecessary. Thus, if desired, an organization should start fundraising for it just like they did in Sauk. Tax payers should NOT have to fund this.	5/26/2024 3:01 PM
13	Raise funds like you did for the soccer and football fields	5/24/2024 7:16 AM
14	Fundraise fir the whole this. This is as unnecessary as a turf field that makes out kids more prone to injury. This is a want versus a need. Wants should be funded by the few that want it.	5/24/2024 6:27 AM
15	Along with this question I feel like a referendum to build a gym to host sport tournaments like the neighboring schools do. The school and charge a small admission fee(\$5-\$10) per person to help pay for it. Look at Wisconsin dells for instance where they hold these massive tournaments and create a lot of revenue off admission fees.	5/23/2024 12:28 PM
16	It was an extravagance for a district that is shrinking.	5/23/2024 7:11 AM
17	Extended plan wasn't identified. WHO would maintain over the years. Other small communities have outside owners who maintain facility, technology, scheduling, insurance requirements etc. To truly use it to its potential would be a burden on the district. I don't think it was looked into enough.	5/23/2024 6:42 AM
18	30% of kids are at grade level, I would rather see this number rise before requesting tax money. Education is more important than extra a facility	5/23/2024 12:41 AM

20	Do like we did with the football field and not expect tax payers to fork over the money when it's unnecessary	5/22/2024 9:36 PM
21	No reason for it. What we have is more than adequate for performing arts. This was a really off-putting ask. That this was even on the ballot likely pushed me from maybe on question 1 to hard no for both.	5/22/2024 8:53 PM
22	I think fundraising for this would help in obtaining a yes vote.	5/22/2024 8:19 PM
23	The only way this will pass is if you have a private donor help fund this. It is not high on the community list to fund completely through tax dollars.	5/22/2024 6:10 PM
24	Declining enrollment, bring more families to the area	5/22/2024 6:04 PM
25	Though I voted yes, I wasn't in favor of the design/layout of where the auditorium would be placed, though I'm not sure where a better alternative would be. Possibly renovating the old gym and stage, though you would lose the benefit of the space provided by the second gymnasium.	5/22/2024 5:03 PM
26	Money would be better off spent on a new state of the art gym that could be utilized better a large gym system that could hold bigger tournaments for all sports and actually create revenue verse cost revenue look at surrounding schools and their gym sizes and the amount of tournaments that are held at these gyms for multiple sports..	5/22/2024 4:57 PM

6	Plain should have been closed a long time ago as the district did to Arena and Lone Rock. At the closing of these schools the district assured us this would keep our district out of a deficit but since they have asked for referendum over and over. Also, so many things were said about the shape of the grade schools closed that were not true which makes the district/school board look really bad to the tax payers.	6/5/2024 12:27 PM

9	There are many students that are not part of tech ed and it seems classes for these students continue to diminish unless they want to take on-line classes. 27	Renovations should be built into the budget like every other business is required to do. With the Free and Reduced lunch program at an all-time high in our school district, it is appalling that anyone would conceive raising taxes. If a family owns a house, they may barely be making it by. If a family rents a house, the landlord will raise rent to cover the increase meaning they may not be able to even stay in the district. If an elderly person is on a fixed income, raising taxes may mean they can't continue to afford living in the area.	5/22/2024 10:30 AM
